

COLLEGE of CHARLESTON

OFFICIAL POLICY

3.9.2

Signage: Vehicle and Non-Building Signage

04/04/16

Policy Statement

All signage must adhere to the College's style and logo guidelines and should be approved through the Division of Marketing and Communications. This includes vehicle signs, parking signs, lecterns, banners and displays within campus venues (auditoriums, classrooms used for public events, halls and theaters), kiosks, etc. This does not apply to temporary signs (i.e., fliers) directing people to rooms for events, meetings, etc.

Policy

The key to a strong image is clarity and consistency. When our communications clearly convey the same overall message, they work in concert – communications and marketing projects from different units reinforce each other. When our communications are visually integrated, they present our diverse institution as a well-organized, singularly focused whole. And when our communications are of a high caliber, they convey that the College of Charleston provides students an educational experience that also is high caliber.

If everyone at the College of Charleston uses a different mark or symbol to represent their department, office or unit, then that consistency is lost. Departments, offices and units are therefore not permitted to develop visual identity systems, marks, logos or graphics that are divergent from the College's core visual identity, which includes the College logo treatment and visual identity, as well as the athletics marks.

Departments/Offices Affected by the Policy
